Curator for the Publication of Sanskrit Manuscripts.

To

The Chief Secretary to Government,
Trivandrum,

Sir,

I have the honour to submit the annual report of the department for the year 1104 M. E.—

Personal. The University of Madras was pleased to appoint me as a member of the Board of Examiners for the years 1929 and 1930. Government having been pleased to entrust me with the duties of the Malayalam Curator in addition to those of the Sanskrit Curator in their G. O. No. D. Dis. 1658 of 28/Genl. dated the 8th October 1928, I assumed charge of the former office on the after-noon of the 27th Kanni 1104. As per G. O. No. R. Dis. 324 of 29/Education dated the 2nd April 1929, I was also appointed as Inspector of Sanskrit Schools in this State.

The printing of a catalogue under my personal supervision, of the manuscripts and printed books in Sanskrit and Vernacular existing in the Granthappura attached to the Palace, was completed during the year.

Preparation of Manuscripts for the Press. During the year under report, 17 works were undertaken for preparation. The first 7 were examined for the press completely and the remaining 10 were in course of preparation : --

The Pandit staff of the department prepared for the press 27670 Granthas as against 26228 in the previous year.

Printing. The following 11 works were passing through the Press and 18,333 Granthas were finally printed as against 13,645 in the previous year —

1. Ṛksamhita with 2 commentaries Parts I and II
2. Nāradiyamanusamhita with Bhāṣya
3. Mīmāṃsāślokavārtika Part II
4. Śilparatna Part II
5. Kāvyaṇprakāśa with 2 commentaries Part II
6. Āryabhaṭīya with Bhāṣya Part I

8. Dattila by Dattila
9. Haṃsasandeśa with commentary
10. Haramekhala
11. Kauṭaliyam with Bhāṣavyākhyā Part I.

Publication. The following four works were published as Nos 96, 97, 98 and 99 of the Trivandrum Sanskrit Series, during the year :—

1. No 96. Ṛksamhita with the Bhāṣya of Skandasvāmi and the Vyākhyā of Veṅkaṭanādhava Part I. This is a very important publication having a great deal of interest for the scholarly world.
2. No. 97. Nāradiyamanusamhita with the Bhāṣya of Bhavasvāmi. This is a valuable recension of Nārada with a learned commentary and is a highly useful addition to the existing Dharmaśāstra literature.
3. No. 98. Śilparatna Part II. This is a highly useful work dealing with iconography and matters connected with temple worship.

4. No. 99. *Mīmāṃsāslokaṣartika* Part II. This is an authoritative work on *Mīmāṃsa* combating the doctrines of the Buddhists.

Besides, the printing of the *Kāvyaaprakāśa*, Part II and *Ārya-bhaṭṭīya*, Part I, was almost finished and the major portion of the body of *Prakriyāśarvasva*, Part I and *Balamārtanḍavijaya* was also printed.

Tour and Collection of Manuscripts. During the year I went on tour over 8 taluks and examined 18 libraries within this State. As directed in G. O. No. D. Dis. 243 of 28/Education dated the 19th March 1928, I undertook a tour for collection of manuscripts from the private libraries situated in the Districts of Cochin and Malabar and visited 10 libraries (*vide* Appendix A). Altogether I spent 48 days in camp and collected 176 manuscripts. Among these 75 are rare and valuable manuscripts and the remaining 101 are second copies which are indispensable for collating the manuscripts that are being edited here. Among the manuscripts collected, *Kohalanata*, a rare treatise on music and *Sarvadarśanakaumudī*, an important work on the six systems of philosophy deserve particular mention. A descriptive list of all the manuscripts is given in Appendix B.

Transcription and Comparison of Manuscripts. The number of Granthas transcribed from manuscripts acquired on loan from private libraries amounted to 101,217 as against 94,030 in the previous year; and 46,350 Granthas were compared with the originals to ensure accuracy, as against 58,875 Granthas of the previous year.

Literary Communication. The department continued to furnish literary information and references to scholars engaged in research work as required by them.

The Advisory Board. A meeting of the Advisory Board was convened at 2-30 P. M., on the 32nd Karkadagom 1104, to select the manuscripts to be taken up for examination and publication during the year 1105. The proceedings of the meeting are as follows:—

Sale of Sanskrit Publications. There was a fall in the sale of Sanskrit Publications during the year. From what I have seen of the sale of the publications through the agent, I am of opinion that

it would be more efficient if it is conducted departmentally as submitted by me in my letter No. 398 dated the 2nd March 1928.

OFFICE OF THE CURATOR FOR THE
PUBLICATION OF ORIENTAL MANUSCRIPTS,
TRIVANDRUM, 14TH NOVEMBER 1930

From

M. R. Ry. K. Sambasiva Sastrial Ayl.,
Curator for the Publication of Oriental Manuscripts.

To

The Chief Secretary to Government,
Trivandrum.

Sir,

I have the honour to submit the Annual Report of the Department for the Publication of Sanskrit Manuscripts, for the year 1105 M. E.

Office Building. As ordered in G. O. No. R. O. C. 439 of 30/Mis dated the 24th April 1930, the office was shifted from the old building at Killippalam, to the Shanmukha Vilasam Building at Takkad, on the 13th Medom 1105.

Personnel. The publication of Malayalam Manuscripts had continued to be under my charge since the 8th October 1928 and Government in their proceedings No. R. Dis. 651 of 30/Mis., dated the 15th August 1930, were pleased to amalgamate the publication of Malayalam and Ayurvedic Manuscripts with the department for the publication of Sanskrit Manuscripts, the combined department being styled as the Department for the Publication of Oriental Manuscripts. Government in their G. O. No. R. Dis. 324 of 29/Edn., dated the 2nd April 1929, having been pleased to appoint me as Inspector of Sanskrit Schools in the State, I inspected 15 Sanskrit Schools and submitted my notes of inspection to the Director of Public Instruction. A catalogue, prepared under my personal supervision, of the manuscripts and printed books in Sanskrit and Vernacular in the Granthapura attached to the Palace was published during the year and a copy thereof was submitted to Her Most Gracious Highness the Maharani Regent.

Mr. R. Harihara Sastri, Head Pandit on Rs. 70-5/1-100, was transferred as First Grade Pandit on the same scale of pay to the Sanskrit College, from the 30th Kanni 1105, as per G. O. No. R. O. C. 933 of 29/Mis., dated the 15th October 1929, Mr. T. S. Visweswara Sastri, Pandit on Rs. 50-5/1-70, who completed his fifty-fifth year of age on the 15th Meenam 1105, was granted an extension of service for one year from the 16th Meenam 1105, as per G. O. No. Dis. 970 of 29, dated the 22nd October 1929.

Preparation of Manuscripts for the Press. During the year under report, the following 15 works were under preparation. The

first 4 were examined for the Press completely and the remaining 11 were in course of preparation: --

1. Hamsasandeśa with commentary.
2. Saṅgītakṛtīs by H. H. Svāti Tirunāl Mahārāja.
3. Uttaranaiṣadha.
4. Nyāyasārapadapañcika.
5. Śukasandeśa with 2 commentaries Varavarṇini and Cintātīlaka.
6. Rksamhita with the Bhāṣya of Skandasvāmin and the commentary of Veṅkatanādhaya Part II.
7. Āryabhaṭīya with the Bhāṣya of Nīlakaṇṭha Somayāji Part I.
8. Kautalīya Arthaśāstra with Bhāṣavyākhyā Part II.
9. Śiṣupālavadha with the commentary of Devarāja.
10. Nāradiyapaddhati.
11. Vaikhānasāgama by Marīci.
12. Servadarśanakaumudī.
13. Prabodhaśāstradāya with the commentary Nāṭakābharaṇa.
14. Prakīrṇakaprakāśa.
15. Skandaśāstraka with commentary.

The Pandit staff of the department prepared for the Press 28,437½ granthas as against 27,670 in the previous year.

Printing. The following 16 works were passing through the Press and 11,700 Granthas were finally printed during the year:—

1. Rksamhita with the Bhāṣya of Skandasvāmin and the commentary of Veṅkatanādhaya Part II.
2. Āryabhaṭīya with the Bhāṣya of Nīlakaṇṭha Somayāji Part II.
3. Prakriyāsarvasvā with commentary
4. Haramekhala.
5. Hamsasandeśa with commentary.
6. Saṅgrāma vijayodaya.
7. Dattila.
8. Prakīrṇakaprakāśa.
9. Sarasvatīkaṇṭhābharaṇa with Vṛtti.
10. Kautalīya Arthaśāstra with Bhāṣavyākhyā Part I.
11. Vaikhānasāgama by Marīci.
12. Saṅgītakṛtīs by H. H. Svāti Tirunāl Mahārāja.
13. Nidhipradhīpa
14. Kāvyaśatru
15. Nyāyasārapadapañcika.
16. Āśvalāyanagrhyamantravyākhyā.

Publication. The following 6 works were published as Nos. 100 to 105 of the Trivandrum Sanskrit Series during the year:—

- No. 100. Kāvya prakāśa with 2 commentaries, viz., Sampradāyaprakāśini of Śrī Vidyācakravartin and Sahityacūdāmaṇi of Bhaṭṭa-gōpāla. The two commentaries surpass by their richness of poetic merit other commentaries hitherto published and are valuable additions to the Alaṅkāra Literature.
- No. 101. Āryabhaṭīya with the Bhāṣya of Nīlakaṇṭha Somayājī Part I. The learned commentary added to this great work on Astronomy follows the Sāstraic Bhāṣyas such as the Vyākaraṇa Mahābhāṣya of Patanjali and the commentator is a native of Kerala.
- No. 102. Dattila by Dattila Munī is a very rare and ancient work on music. It has been found copiously quoted by all the important writers on music from Bharata downwards.
- No. 103. Hamsasandēśa with commentary. This is a unique sandēśakāvya dealing with a philosophical subject probably by a Kerala author. The hero sends his message of love to his spouse (Bhakti), living far away in the abode of God. A beautiful metrical commentary is added to the work.
- No. 104. Sāmbapañcāśika is a beautiful poem in praise of God Śiva by Samba, son of Śrī Kṛṣṇa. The work with a learned commentary added to it is an important addition to the Śloka Literature in Sanskrit.
- No. 105. Nidhīpradīpa by Siddha Śrīkaṇṭha Śambhu, is an important treatise dealing with the means of discovering hidden treasures. The fact that the work has an old Tamil translation shows that it must have been popular in ancient days.

Besides, the printing of Bāhamartāṇḍavijaya, Kavyaratna and Prakriyā-sarvasva Part I, was almost finished and the major portion of the body of Nyāyasārapadapañcika was also printed.

Tour and Collection of Manuscripts. During the year I went on tour over 10 taluks and examined 19 libraries (vide Appendix A) I spent 51 days in camp and collected 87 manuscripts. Among

these, 28 are rare and valuable manuscripts and the remaining 59 are second copies which are indispensable for collating the manuscripts that are being edited here. Among the manuscripts collected, *Smṛtimānikyamālika*, a rare Nibaudhana work by the famous Vaidyanātha Dīkṣita, deserves particular mention. The manuscript of *Prakīrṇakaprakāśa*, commentary on the *Vākyapadīya* is also a valuable find. A correct and critical edition of this work, having been a desideratum as expressed by Professor Hermann Jaccobi of the University of Bonn, Germany, it has now been sent to the Press by this department. The manuscript of *Uttarārāmacaritakāvya*, which may possibly be ascribed to the great Melpattur Nārāyaṇa Bhaṭṭatīrī, is also another discovery. Another manuscript named *Līlavatībhāṣā* was found among the manuscript collections of this department. It is not known where this was procured from as it is not included in the manuscript records. A descriptive list of all the manuscripts is given in Appendix B.

Transcription and comparison of Manuscripts. The number of Granthas transcribed from Manuscripts acquired on loan from private libraries amounted to 1,67,760 as against 1,01,217 Granthas in the previous year and 53,390 Granthas were compared with the originals to ensure accuracy, as against 16,350 in the previous year.

Literary Communication. The department continued to furnish literary information and references to European and Indian scholars engaged in research work, as required by them.

Visitors. Distinguished scholars visited the office during the year, prominent among them being, (1) His Highness Rama Varma Appan Tampuran of Cochin, (2) Mr. M. R. Telang, a learned editor of many Sanskrit works in Bombay, and (3) Brahmasri Kanipayyur Sankaran Nambudiripad. Their opinions recorded in the Visitors' Book run as follows:—

1. "I have had the pleasure of visiting the Government Curator's office this morning. It was a rare opportunity and delight to me to see the manuscripts collected and have them explained by the Paṇḍits present there, as far as possible in the limited time available. A scholar of Mr. Sāmbaśiva Śāstri's type with such an ardent zeal for the work entrusted to him can be confidently expected to make this institution useful to not only Travancore or Kerala, but to the world in general that is interested in Sanskrit and our old lore. I wish to see that the scope of this institution is extended with the help of the Government and support of the public".

Dated: 16.5.1105.

(Sd.) Rama Varma Appan Tampuran.

2. "I visited the office of the Curator for Sanskrit Publications today. I examined some of the numbers of the Sanskrit Series and I find that several rare and important works are being brought to light by the efforts of Mr. K. Sāmbaśiva Śāstri who was kind enough to show me the books, &c. I learn that he has undertaken some more rare and unpublished works which will be published in due time. I am much pleased with the manner the work is going on".

3. "ഞാൻ ഇന്നു കൃഷ്ണരാമീസിൽ വരികയും ഗ്രന്ഥശേഖരിപ്പും മറ്റും കാണുകയും ചെയ്തു. ഗവൺമെന്റിൽ നിന്നും ഏർപ്പെടുത്തിയ പോലെത്തന്നെ അതിന്റെ നടത്തിപ്പും നന്നായി വരുന്നുണ്ടെന്നും, ഏതു ചേരിലും കൂടുതൽ അഭിവൃദ്ധിപ്പെടുത്തുവാനുണ്ടെന്നും വിശ്വസിക്കുകയുണ്ടായെന്നും തത്യാവസ്ഥയിലും അധികാരിയും മറ്റും ഉള്ളതു പ്രാബല്യമായിട്ടുള്ളതിലേക്കു പൊതുവേ ഒരു ലൈബ്രറി ഏർപ്പെടുത്തുന്നതും, അതിൽ അപൂർവഗ്രന്ഥങ്ങൾ കിട്ടുന്നിടത്തോളം പകർത്തിവെയ്ക്കുകയും അത്യാവശ്യമാണ്. അതിനും പുറമെ മദിരാശി കൃഷ്ണരാമീസിൽ നിന്നും ചെയ്യുന്ന മാതിരി ഇവിടെ ശേഖരിച്ചു കൈയെഴുത്തു കോപ്പികളുടെ പൂർണ്ണവിവരം കാണിക്കുന്നതായ ക്യാറ്റലോഗുകളും അപ്രകാരം പ്രസിദ്ധം ചെയ്യുന്നതായാൽ അതു തിരുവിതാംകൂറിലേക്കു മാത്രമല്ല, കേരളത്തിലേക്കു മുഴുവൻ തന്നെയും വലിയ ഉപകാരമായിത്തീരുന്നതാണെന്നും അഭിപ്രായപ്പെടുന്നു. സാമ്പത്തികശാസ്ത്രികളുടെ ഈ കാര്യത്തിലെ പ്രവൃത്തികളും അറിവിൽ പെട്ടേടത്തോളം വളരെ തൃപ്തികരമായിട്ടുണ്ടെന്നു കാണിയ്ക്കപ്പെട്ടു ശ്രദ്ധേയം നവ്യതയിലുള്ളത്"

General Remarks. The falling of the front portion of the former office building near the Killippalam in Makaram 1105 and the shifting of the office to the new building at Taikad in Medom 1105 necessitated the regular work of this office to go on only at a low pace, for some time. However, I am glad to find that these

incidents have not caused any decrease in the annual outturn of the department.

The publications of this department elicited unstinted admiration from scholars all the world over, as is evident from the following select opinions:—

1. "I was particularly pleased with the publication of Skandasvāmi Bhāṣya which Travancore has the proud privilege of having discovered and published".

Dated: 11-4-30,

*V. P. Madhava Rao, C. I. E.,
Bangalore.*

2. "Rksamhitā with Bhāṣya was a work never dreamt of, but I do not clearly learn from your English introduction that you have all the ten Maṇḍalās with Skandasvāmin's Bhāṣya and Venkatamādhavārya's commentary. On page 5 of the English introduction you mention Rāmānujacarya having a disciple Venkatamādhava. Where did you find this tradition please, as I am much interested in this question" Śilparatna dealing with Iconography is of particular value in this age of iconoclasm. The Renaissance of India shall be due to the unearthing of such old treatises giving the moderns, the rationale of our old ancient institutions. Are there more parts to come? Your editorship was no less illustrious than your predecessor Dr. T. Gaṇapati Śāstrigal. May you live long to continue the most valuable service you are doing our mother-land".

3. "I value very highly this addition to your learned and esteemed Trivandrum Sanskrit Series, and am especially interested in No. 96, the beginning of the publication of the commentaries of Skandasvāmin and Venkatamādhava on the R̥gvedasamhitā. This is a highly important work which will be of the greatest interest to all Sanskrit scholars. I intend to study it carefully, and expect to make it the subject of a special Seminar with my advanced students of Sanskrit next year in Yale University. After doing this I shall not fail to print in some American journal a notice of the work, calling attention to its exceptional interest and importance. I

sincerely hope that you will be able to continue publishing the rest of this work with great rapidity”.

Yale University U. S. A.*

4. “I offer you my sincere congratulation for issuing the Editio princeps of such as Ratna as the Bhāṣya of Skandasyāmin and the commentary of Veṅkaṭamādhavāya. I am glad to see that you have undertaken a new edition of the Vākyapadīya for the old one is unfortunately incomplete”.

Dated: 20-3-1930.

*Prof. Hermann Jacobi,
University of Bonn, Germany.*

5. “It will give me great pleasure to draw attention to the new edition of the Ṛgveda, with Skandasyāmin’s commentary, in the Gita Orientalia”.

Director, Indian Institute of Science,

6. “The Trivandrum Sanskrit Series—a series unrivalled by any other in the field of Sanskrit scholarship. I am not the man for analysing and appreciating Vedic researches, but the Mīmāṃsāśloka-vārtika is an old friend of mine and my intention is to review this good and new edition”.

*Louis de _t Vallee Poussin,
Belgium.*

These valuable texts worthily continue the high standard of the series and will be much appreciated by scholars. It is particularly gratifying that it has been possible to undertake the issue of the commentaries of Skandasyāmin and Veṅkaṭamādhava on the Ṛgveda. We have long desired the issue of commentaries earlier than that of Sāyana, and the new publication affords a valuable means of tracing the development of the interpretation of the most important text of Vedic Literature. Its continuation will be warmly welcomed. The only point which occurs to me is the doubt whether it is

worthwhile printing the *Samhita* form of the text without the breaks usually adopted. I can understand the arguments in its favour, but practical convenience and attractiveness of appearance are arguments on the other side. But this is detail, on which opinions will legitimately differ, and I cordially congratulate you on your production of so interesting texts”.

Receipts. The total receipts of the department during the year amounted to Rs. 715-3-0 of which Rs. 685-26-0 was due to

the sale proceeds of the Government Sanskrit Publications and Rs. 29·5-0 was the lease amount of the usufructs of the trees standing in the old office compound at Killippalam, all the amounts being remitted into the Trivandrum Divisional Treasury.

Sale of Sanskrit Publications. There was a fall in the sale of Sanskrit Publications during the year. OFFICE OF THE CURATOR FOR THE
PUBLICATION OF ORIENTAL MANUSCRIPTS,
TRIVANDRUM, 19TH NOVEMBER 1931.

From

M. R. Ry. K. Sambasiva Sastrial Avl.,
Curator for the Publication of Oriental Manuscripts.

To

The Chief Secretary to Government,
Trivandrum.

Sir,

I have the honour to submit the Annual Report of the Department for the Publication of Oriental Manuscripts for the year 1106 M. E.—

Staff. Mr. T. S. Visvesvara Sastriar, Pandit on Rs. 50-5/1-70 retired from service on the afternoon of the 15th Meenam 1106. Mr. Sastriar had entered service in his 38th year in this office, having been exempted from the operation of Art. 43 of the Travancore Service Regulations. He was taken here in his late age because of his consummate scholarship in Sastras and he discharged his duties with single-hearted devotion and loyalty. His late age had denied him the full term of service and he was eligible for a pension of Rs. 21/- only per mensem. In view of the good services rendered by him I had recommended to Government for an enhanced pension being given to him. It is gratifying to note that Government in appreciation of the good work done by the Pandit, were pleased to sanction, an enhanced pension of Rs. 25/- per mensem, being granted to him, as per G. O. No. Fl. 1296 dated the 1st August 1931.

In the vacancy caused by the retirement of Mr. T. S. Visvesvara Sastriar, Pandit on Rs. 50-5/1-70, Mr. V. Subbarayacharya, Assistant Pandit on Rs. 40-2/1-50, was appointed from 16-8-1106 the last place of Assistant Pandits being filled up by Mr. A. Yajnaswami Sarma, Sanskrit munshi in the English High School, Kottarakara.

In the Pandit's place on Rs. 50-5/1-70, which had been vacant from 30-2-1105, consequent on the transfer of Mr. R. Harihara Sastri, Head Pandit on Rs. 70-5/1-100, to the Sanskrit College, Mr. A. Paramesvara Sastri, Assistant Pandit on Rs. 40-5/2-70, was appointed here from 9-2-1106, as ordered in G. O. No. D. Dis. 1052 of 30/ Edn., dated the 20th September 1930.

A Temporary Vaidya Pandit on Rs. 40 per mensem, was also appointed from 9- 2-1106, as a result of the amalgamation of the Sanskrit, Malayalam and Ayurvedic publications.

Amalgamation of the Publication of Sanskrit, Malayalam and Ayurvedic Manuscripts. Until the year 1924, there was only one department in the State for the preservation and publication of ancient manuscripts, both Sanskrit and Malayalam. With a view mainly to avoid delay in the collection and publication of Malayalam Manuscripts, Government in their G. O. No. 422 of 23/Leg. E., directed that the Curator for the publication of Oriental Manuscripts be relieved of the work of publication of Malayalam Manuscripts and that the work be entrusted to a separate agency. For the same reason, mainly, the publication of rare Ayurvedic Manuscripts was also transferred to the Director of Ayurveda towards the close of that year. This arrangement had worked for about 6 years.

In August 1926, the Advisory Board for the publication of Sanskrit Manuscripts expressed dissatisfaction at the slow progress made in the work of publication of Malayalam Manuscripts by Mr. Sankara Menon, the late Curator and suggested that such books in Malayalam as are closely connected with important works in Sanskrit might well be published by the Curator for the Publication of Sanskrit Manuscripts. In 1927, the Board further definitely recommended that the department for the publication of Malayalam Manuscripts might be amalgamated with that of Sanskrit Manuscripts.

The reasons advanced by the Board for such an amalgamation were:—

1. that it is uneconomical to have two publishing departments;

2. that a thorough knowledge of Sanskrit literature and language was highly desirable for satisfactorily editing Malayalam Manuscripts;

3. that owing to the inter-allied nature of Sanskrit and Malayalam works, co-ordination of the publications could be better achieved by one and the same agency attending to both the publications;

4. that in the matter of collection of manuscripts also, duplication of agencies could be avoided; and

5. that the present Sanskrit Curator Mr. Sambasiva Sastrigal is well-versed in Malayalam.

The Advisory Board also suggested that the combined department may be entrusted with the publication of rare Ayurveda manuscripts and that the Director of Ayurveda may, if necessary, be co-opted as a member of the Sanskrit Advisory Board with a view to assist in the publication of Ayurvedic books.

Government after carefully considering the proposals agreed with the Board that the publication of Malayalam, Sanskrit and Ayurvedic Manuscripts might be entrusted to one and the same agency. They accordingly sanctioned the department for the publication of Sanskrit and Malayalam works (including Ayurvedic Manuscripts) being amalgamated and placed under the control of the Curator for Sanskrit Manuscripts and also sanctioned the Advisory Board for the publication of Sanskrit Manuscripts being strengthened by the addition of Mr. S. Paramesvara Aiyar M. A., B. L., Dewan Peishkar, and the principal of the Ayurveda College as Members of the Board. The quorum for the meetings of the Board was raised from 3 to 4.

The work of the combined department during the year 1106 resulted in very good progress being made in the publication of Malayalam and Ayurvedic Manuscripts.

No. 19. Yogāmṛta is a popular medical work.

These 12 works which are both rare and valuable surpass in
respect of quality and quantity the publications of the department
in any of the previous years.

Tour and Collection of Manuscripts. During the year I went
on tour over 9 taluks and examined 26 libraries (vide Appendix A)
spending 84 days in camp as against 51 days in the previous year.
The number of Sanskrit Manuscripts collected during the year
amounted to 102 of which 34 are rare and unpublished and the
remaining 68 are second copies obtained for the purpose of collating
the manuscripts already collected. Among these Sāmaprakṛti-
bhāṣya of Kāśyapa Bharatasvāmin, Pramāṇalakṣaṇa of Sarvajnat-
mayati and Ratnapāncālīka or Kuvalayāvali of Siṅga Bhūpāla
deserve special mention. The number of Malayalam and Tamil
manuscripts collected was 68 which also contains many works of
great value. A descriptive list of all the manuscripts collected is
given as Appendix B.

Special Cataloguing Work. A graduate was appointed during
the year on Rs. 40 per mensem, for the preparation of a new ca-
logue of the manuscripts collected by the department, bringing
out the details of other authors and works if any referred to there-
in, and giving as brief an account as convenient of each of them so as
to afford an insight into the subjects dealt with, the expenditure
being met from the allotment provided for collection of manuscripts
under the contingencies. He worked for 5 months from Dhanu
1106, making a critical, historical and comparative study of the

4 manuscripts viz., *Avantisundari Kathā* of Daṇḍin, *Adbhuta-panjara*, *Anargharāghavavyākhyā* and *Alankārasarvasvasanjivinī*. The work was discontinued from the close of Medom 1106 as ordered in G. O. No. D. Dis. 494 of 31/Edn., dated the 1st May 1931.

Transcription and comparison of manuscripts. The number of Granthas transcribed on paper from manuscripts acquired on loan from private libraries amounted to 147950 as against 107760 in the previous year and 50800 Granthas were compared with the originals to ensure accuracy.

Literary Communication. The department continued to furnish literary information and references to European and Indian scholars engaged in research work as required by them. The Publications of the department elicited unstinted admiration from scholars all the world over, as is evident from the following select opinions:—

1. "I have received the six new works lately published in the Trivandrum Sanskrit Series as Nos. 100 to 105 and I have already perused a good part of them. It is about one year I had received parts 96 to 99, including the first part of Skandasvāmin's Bhāṣya on R̥gveda and *Slokavārtika* II. I wonder how you can manage to get so many important works published, edited and printed in such a short time. And I see moreover on the cover of part 105 that you have 14 more works in the Press, belonging to almost as many classes of literature. The late Gaṇapati's blessing is certainly standing over the work and I congratulate you on your following his steps so happily. All scholars, Western as well as Eastern, are also deeply indebted to this enlightened dynasty of Travancore owing to which Sanskrit studies are today flourishing with the same splendour they had enjoyed there for centuries.

You can see from a paper I have published in the Bulletin of the school of Oriental Studies, London, Vol. VI, 2, 1931, a paper written on French and dedicated to Prof. Rapson (P. 421 of the special number) how I have been extolling your work as the successor and continuator of Gaṇapati Sāstri. As soon as I find some leisure, I shall give a note in the journal *Asiatique* on the Trivandrum Sanskrit Series' Govt. publications."

2. "I have to express my sincere thanks for your courtesy in sending me Nos. 100 to 105 of the Trivandrum Sanskrit Series in continuation of the Nos. already presented to me. I have only had time to glance at the new issues, but am able to congratulate you warmly on the important work which you are carrying out in these publications".

3. "I have duly received a copy each of the Trivandrum Sanskrit Series volumes Nos. 100 to 105 and beg to tender to you my sincere thanks for the valuable gift. It is particularly satisfactory that the edition of *Kāvya-prakāśa* with its two commentaries is now complete. But the *Āryabhaṭṭīya* also is an important work, and the shorter texts, especially the *Sāmba-pancāśika*, are also interesting. Allow me to congratulate you upon successfully maintaining the great work of editing which was so long carried on by my lamented friend Mahamahopadhyaya Ganapati Sastri. The world of Sanskrit scholarship has an ever increasing debt of gratitude to the Government of His Highness and to the scholars who are working in his service".

4. "I thank you for so very kindly sending me the 6 volumes Nos. 100 to 105, of the Trivandrum Sanskrit Series. They are so nice, rare and valuable and I thank you for bringing these rare volumes and making them useful for all lovers of our ancient glory".

5. "I am delightful to get six numbers of the Trivandrum Sanskrit Series (100-105) after a long time. The numbers are keeping up the reputation of the celebrated series. I congratulate you on the publication of Dattila's work on music and I congratulate Sanskrit scholars that you propose to publish

Kohala. They are put together in the first chapter of Bharata's Nāṭyaśāstra in the Gaekwad edition. Dattila must be very old, and Kohala older still. Not being a musician myself, I cannot express any opinion as to the merits of Dattila's theory of music.

Nidhipradīpa is an excellent work. It belongs to the Sābara Tantra and I believe also to Mālinī Tantra, so often mentioned in works of Kaśmir Saivism. The Śaivas and Pāśupatas dealt generally with sciences of this sort, but in a mystic way. They have supplied most of the materials for Sir P. C. Roy's Hindu Chemistry. You call the work a Sāmbhava one. In the 9th and 10th centuries, there were sects of Śaivas and Pāśupatas who had the various names of Śiva attached to their proper names. One sect, the Mattamayūraśāstra had the name of Śiva added to their names, just as Iśānaśiva whose works your series have published in four volumes. Another sect had Śambhu added to their proper names. One of them was Soma-Śambhu who wrote on worship. Your Nidhipradīpa is by one such. He is Srīkaṇṭhaśambhu. Their principal place was Tripuri, the capital of the Cedis on the Narmada.

Your Hamsasandesa is altogether a new departure from the Dūtakavyas. It is highly philosophical and religious, while others mostly treat of love.

I was surprised to hear that Āryabhaṭa's work is still studied in your country and you have so many and so good commentaries and explanations on his work.

Your country is a rich mine of manuscripts of ancient Sanskrit works. And I hope you will exploit it to the best of your power for the benefit of the world and increase the importance of your series.

I hope your patriotic efforts will be crowned with success'.

6. "It is my desire that your series and your name should receive greater publicity. I therefore request you to send me a short

account of the new works that are being published by the State showing their importance for the literary or religious history of India. Many manuscripts also must be collected daily by the Durbar and sent to you for custody and examination. If there are any such manuscripts, please give brief description of these also indicating in what way their importance lies. I shall feel obliged by your kindly sending me an early note to that effect, which I want to publish in the *Indian Antiquary*".

7. "I am glad to see that you are pursuing the good work of the late Mahamahopadhyaya Ganapati Sastrigal, and trust you will continue to do so"

OFFICE OF THE CURATOR FOR THE
PUBLICATION OF ORIENTAL MANUSCRIPTS,
TRIVANDRUM, 11TH NOVEMBER 1932.

From

The Curator for the publication
of Oriental Manuscripts.

To

The Chief Secretary to Government,
Trivandrum.

Sir,

I have the honour to submit the Annual Report of the Department for the Publication of Oriental Manuscripts for the year 1107 M. E.

Staff. The Department for the publication of Malayalam Manuscripts and of Sanskrit Manuscripts being amalgamated and designated as the "Department for the Publication of Oriental Manuscripts", both the Sanskrit and Malayalam Sections worked conjointly during the year as before and it was found that Mr. K. N. Govinda Pillay, who was in the Malayalam Section before amalgamation, being a Mahopadhyaya was fit for Sanskrit and Malayalam work, and accordingly he was asked to attend to both the works. But it was necessary that the Sanskrit and Malayalam Sections should work separately in order that the seniority of the Assistant Pandits of both the sections might not be disturbed on account of the amalgamation.

New Title of the Series. In order to perpetuate the memory of the installation of His Most Gracious Highness Sri Chithira Tirunal Maharaja, which is an epoch-making event in the annals of the country, a new title "Śrī Citrodaya Mahājari", was added to the Sanskrit and Malayalam Series as per G. O. No. R. Dis-540 of 32/E dated the 18th May 1932.

112	1	Upākhyānadvayam of H. H. Svāti Tirunaḷ Maharaja. These are two very simple and beautiful poetical pieces dealing with the episodes of Kucela and Ajāmila of Puranic fame and are useful for Kathākālākṣepam.
113	2	Hṛdayabodhikā is a valuable commentary explaining the substance of Aṣṭāṅgahrdaya in critical and Sastraic lines.
114	3	Sanḡitakṛtis of H. H. Svāti Tirunaḷ Maharaja. This is a musical work in sweet Sanskrit, combining the charm of the great Thyāgarāja and other master-minds.

Similarly, the following 4 Malayalam works were fully printed and made ready for issuing as the first 4 numbers of the Śrī Citrodaya Mañjari Malayalam Series, which are unique in respect of their literary excellence and of the subject matter dealt with :—

- 1 Kaṇṇaśśabhāgavatam Part I.
- 2 Rāsakrīda Kathakali.
- 3 Palavaka Ottaslokaṅgal.
- 4 Rāmacaritam. This work was included in the Series as per G. O. D. Dis. No. 175/32 E, dated 25-2-1932.

Tour and Collection of Manuscripts. During the year, I went on tour over 5 Taluks and examined 7 libraries (vide Appendix A) spending 40 days in camp as against 84 days in the previous year. The number of Sanskrit Manuscripts collected during the year amounted to 19, of which 4 are rare and unpublished and the remaining 15 are second copies secured for the purpose of collating the manuscripts already collected. Among these, the four rare works, viz., Agniṣṭomādiprayoga, Kriyāsaṅgraha, Devīmāhatmya-vyākhyā and Vākya-lāṅkāra are important ones in the respective subjects they deal with. The number of Malayalam Manuscripts collected was 15, which also contain many rare and valuable works. A descriptive list of all the manuscripts collected is added as Appendix B.

Transcription and Comparison of Manuscripts. The number of Granthas transcribed from manuscripts acquired on loan from private libraries amounted to 53785 as against 147950 in the previous year and 27868½ Granthas were compared with the originals to ensure accuracy.

Literary Communication. The department continued to furnish literary information and references to European and Indian scholars engaged in research work as required by them.

Visitors. Many scholars, both European and Indian, visited the department during the year, the most prominent of whom were Dr. Otto Stein, Professor of Indology at the University of Prague and Dr. Arnold A. Bake, commissioned by the Kern Institute, Leiden. The first took interest in Dharma Sastra and Arthasastra and the second was specialist in the field of Indian Music, and references on the Saṅgīta-sudhākara were also furnished to him. These scholars spent many hours in this office, the department as well as the scholars deriving much benefit by mutual exchange of thought.

The Advisory Board. A meeting of the Advisory Board of this department newly constituted as per G. O. R. Dis. 651 of 30/Mis. dated the 15th August 1930, was held at 4-30 p. m., on Saturday the 29th Karkadakam 1107. The Proceedings of the meeting are as follows:—

OFFICE OF THE CURATOR FOR THE
PUBLICATION OF ORIENTAL MANUSCRIPTS,
TRIVANDRUM, 27TH OCTOBER 1933.

From

The Curator for the Publication
of Oriental Manuscripts.

To

The Chief Secretary to Government,
Trivandrum.

Sir,

I have the honour to submit the Annual Report of the Department for the Publication of Oriental Manuscripts for the year 1108 M. E.

Staff. In accordance with G. O. No. R. Dis. 1040/32 Edn., dated the 10th September 1932, entrusting the publication of Ayurveda Manuscripts to the Principal, Ayurveda College, Mr. P. Vasudevan Pillay, Temporary Vaidya Pandit in this office, was transferred to the Ayurveda College on the fore-noon of 31-1-1108.

Mr. V. Raja Raja Varma Raja, who had been the Chief Pandit of the Malayalam Section, resigned his post from 2-4-1108 on the ground that the circumstances of his family did not permit his permanent stay in Trivandrum. The Retrenchment Committee recommending the entertainment of a Graduate to this department, Government were pleased to appoint Mr. N. Gopala Pillay B. A., who had been acting here in the post of Chief Pandit, from 6-8-1108, as per G. O. No. R. O. C. 1248/32 Edn., dated the 4th May 1933.

As a result of the measures of retrenchment effected as per G. O. R. O. C. 1248 of 32/Edn., dated the 23rd December 1932, two Pandits on Rs. 50-5/1-70 and four Assistant Pandits on Rs. 40-2/1-50 were reduced from the staff of this office, the supernumerary hands being absorbed in the vacancies in the Education Department.

Besides, the menial staff of this office underwent a reduction, consequent on the measures of retrenchment. The number of peons in this office was reduced from 5 to 3, as per G. O. No. R. O. C. 1159 of 33/Edn., dated the 29th April 1933, the two supernumeraries being transferred to the Jenmikaram Settlement Department.

Preparation of Manuscripts for the Press. During the year under report, the following 12 works were under preparation. The first 3 were examined completely for the press and the remaining 9 were in the course of preparation:—

- 1 Rāghavīya.
- 2 Bhāgavannāmāmṛtarasodaya.
- 3 Sūktiratnahāra.
- 4 Ṛksamhita with two commentaries Part III.
- 5 Prakīrṇakaprakāśa.
- 6 Arthaśāstra with Bhāṣavyākhyā Part III.
- 7 Uttararamacarita with Bhāvārthadīpika.
- 8 Kaṃṃaśśabhāgavata Part II.
- 9 Kṛṣṇīyam with commentary.
- 10 Daśarūpakadīpika.
- 11 Bhāṣyasāra.
- 12 Lakṣmīvilāsa. Commentary on the Nārāyaṇīyam.

This is being written by the Curator Mr. K. Sāmbaśiva Śāstriā, as per G. O. No R. O. C. 1735 of 28/Mis., dated the 11th February 1929, and the matter for the third part was sent to the press in instalments, as usual.

The Pandit staff of the department prepared for the Press 19285 Granthas as against 36528 Granthas in the previous year (vide statement attached). It is worthy of note here that there is no great fall in the outturn of Granthas prepared for the Press, notwithstanding the reduction of the staff, and it shows the commendable nature of the work turned out by the existing Pandits of the Department.

Printing. The following 16 works were passing through the Press and 12929 Granthas were finally printed as against 17683 Granthas in the previous year:—

- 1 Ṛksamhita with two commentaries Part II.
- 2 Saṅgrāma vijayodaya.
- 3 Sāhityamīmāṃsa.
- 4 Prakīrṇakaprakāśa.
- 5 Hara mekhala.
- 6 Sarasvatīkaṇṭhabharana with vṛtti.
- 7 Arthaśāstra with Bhāṣavyākhyā Part II.
- 8 Prabodhacandrodaya with Nāṭakābharana.

- 9 Vaikhāṇasāgama by Marīci.
- 10 Nārāyaṇīyam with Lakṣmīvilāsa Part III.
- 11 Bhagavadgīta with Bhāṣavyākhyā.
- 12 Devīmāhātmya with Do.
- 13 Skandaśārīraka with commentary.
- 14 Balarāmaabharata.
- 15 Nārāyaṇīyam with Bhaktapriya (2nd edition).
- 16 Bharatavākyaṃ.

Publication. During the year under report, Kannaśābhagavata Part I was published as No. 1 of the Śrī Citrodāya Mañjarī Series. In addition to this, the printing of the body of Bharatavākyaṃ and Sahitya mīmāṃsa was completed during the year under reference.

Tour and Collection of Manuscripts. During the year, I went on tour over 9 Taluks and examined 13 libraries (vide Appendix A) spending 39 days in camp, as against 40 days in the previous year. The number of Sanskrit Manuscripts collected during the year amounted to 34, of which 6 are rare and unpublished and the remaining 28 are second copies, secured for the purpose of collating the manuscripts already collected. Among these Vaiyākaraṇasiddhāntasaṅgraha and Śrī Rāmabhūṣaṇavyākhyā deserve special mention, being important works in the respective subjects they deal with. The number of Malayalam Manuscripts collected was 4, of which two are rare and unpublished and the other two are second copies of the manuscripts already collected. A descriptive list of all the manuscripts collected is added as Appendix B.

Transcription and Comparison of Manuscripts. The number of Granthas transcribed from manuscripts acquired on loan from private libraries amounted to 41750 as against 53785 in the previous year and 23025 Granthas were compared with the originals to ensure accuracy, as against 27868½ Granthas of last year. Considering the reduction effected in the staff, the fall of outturn under this head is only very small and this also bears a clear testimony to the fact that the Pandits have done very hard work.

Literary Communication. The department continued to furnish literary information and references to European and Indian scholars engaged in research work as required by them.

Visitors. Many scholars, both European and Indian, visited this office during the year, prominent among whom was Dr. Ernst Waldschmidt, Curator of the Indian Section of the State Museum of Ethnography, Berlin, and the opinion that he recorded in the Visitors' book runs as follows:—

“Today I had the opportunity of visiting the office of the Curator for the publication of Oriental Manuscripts under the guidance of the Curator Mr. K. Sāmbaśiva Śāstriāl. I was very friendly received by him and had the best impression of his and his assistants' work. The publications of the Trivandrum Series have reached a world-wide fame among scholars under the late Gaṇapati Śāstrī and Mr. K. Sāmbaśiva Śāstriāl's curatorship. I hope their work can be continued in a flourishing style in spite of the wave of depression going over the world. Mr. K. Sāmbaśiva Śāstriāl's idea of creating a Central Manuscripts Library for all the Manuscripts in Trivandrum is very much appreciated by me. To help research work in other countries, I think it would be also very useful to have a printed catalogue of all the manuscripts under supervision of Mr. K. Sāmbaśiva Śāstriāl”.

2-4-1933.

Dr. Ernst Waldschmidt,
Curator of the Indian Section
of the State Museum of Ethnography, Berlin.

The Advisory Board. A meeting of the Advisory Board of this department was held at 3 p. m., on Wednesday, the 11th Karkadakam 1108. The proceedings of the meeting were as follows:—

1. The Curator placed on the table, Government letter No. R. O. C. 827 of 33/Edn., dated the 13th July 1933, calling for the opinion of the Board with regard to the formation of a Central Manuscripts Library at Trivandrum and the desirability of altering the existing system of publishing rare manuscripts.

2. The Curator also reported on the necessity of reprinting those out of stock books which would commend a good sale, in pursuance to Government letter No. R. O. C 3554 of 32/Edn., dated the 8th October 1932.

I. Resolved that since the question of forming the said library is to be considered at length, the Curator should circulate copies of the papers connected therewith among the members of the Board, together with the details of the system of maintaining such libraries, in Sister States in India, namely Madras, Mysore and Baroda.

Enclosures 3.

Sir,

I have the honour to submit the Annual Report of the Department for the Publication of Oriental Manuscripts for the year 1109 M. E.

Work of the Department. The measures of retrenchment effected as per G. O. R. O. C. 1248 of 32/Edn., dated the 23rd December 1932 had their influences felt in the work of the Department in the year 1108 and it was apprehended that the results would be visible also in the year under report. With a view to remove this drawback, the existing Pandits were prevailed upon to work harder than ever. They were asked to attend to both the Sanskrit and Malayalam works. As a result of the pressure exerted on the staff, the Department was able to show in the year under report as much as 21645 Granthas finally passed for printing. This outturn is found to be nearly twice as much as that of the previous year and to surpass the output of any of the previous years. The present quantity was possible as the Pandits worked strenuously under my supervision. With regard to the quality of the work, it has to be said that it pertains to many erudite works on important subjects, which will arouse the interest and curiosity of the scholarly world.

Preparation of Manuscripts for the Press. During the year under report, the following 18 works were under preparation. The first 11 were examined completely for the press and the remaining 7 were in course of preparation:—

G. P. T. 949. 251., 20-9-1110

1. Udayavarṇamacarita.
2. Pramāṇamanjari.
3. Mahānayaprakāśa.
4. Yogayājñavalkya.
5. Vṛttavārtika.
6. Uttarakāmacarita-Kāvya.
7. Rāsakrīḍa.
8. Valavīśupurāṇa.
9. Haryakṣamāśasamarotsava.
10. Paramārthasāram-Bhāṣa.
11. Padyaratnam-Bhāṣa.
12. Kamalinīrājahansa.
13. Daśarūpakatīkā.
14. Kāvyaḍarśa with two commentaries.
15. Bhāṣyasārāḍi.
16. Rasadīpikā.
17. Līlavatī-nāṭaka.
18. Surēndracarita.

The Pandit staff of the department prepared for the Press 18797 Granthas as against 19285 Granthas in the previous year (vide statement attached). It may be noted here that the fall in the outturn is but small in view of the fact that for the first five months of 1108, there were thirteen hands in the Pandit staff prior to the reduction of six hands owing to the measures of retrenchment effected, while in the year under report, the Department worked throughout the year with only seven Pandits. It reflects, therefore, credit on the work of the existing Pandits of the Department.

Printing. The following 19 works were passing through the Press and 21645 Granthas were finally printed as against 12929 Granthas in the previous year and the printing of the first 6 was almost finished. It will be noted that the outturn under this head comes to be nearly twice as much as what was in the previous year:—

1. Rksamhitā with two commentaries.
2. Sāhityamīmāṃsa.
3. Prakīrṇakaprakāśa.
4. Nārāyaṇīyam with Lakṣmīvilāsa Part III.
5. Nārāyaṇīyam with Bhaktapriyā (2nd edition).
6. Catalogue of Malayālam Manuscripts.
7. Saṅgrāhavijayodaya.
8. Haramekhala.
9. Sarasvatīkaṇṭhābharana with Vṛtti.
10. Arthaśāstra Bhāṣavyākhyā Part II.

- 11 Prabodhacandrodaya with Commentary.
- 12 Vaikhāṇasāgama by Marici.
- 13 Bhagavadgītā with Bhāṣavyākhyā.
- 14 Devīmāhātmya with Do.
- 15 Skāndaśārīraka with commentary.
- 16 Balarāmabharata.
- 17 Śaunakīya.
- 18 Āvalayanagrhyamantravyākhyā.
- 19 Vivekamārtāṇḍa.

Publication. Two works were published as Nos. 112 and 113 of the Trivandrum Sanskrit Series and also as Nos. 1 and 2 of the Sri Citrodaya Manjari Sanskrit Series, and 4 works as Nos. 2 — 5 of the Śrī Citrodaya Manjari Bhasha Series. The following is a brief description of the works:—

Bharatavākyaṃ. This work is studied in this country on ceremonial occasions.

A Souvenir in commemoration of the Silver Jubilee Celebration of the Department was published.

Tour and Collection of Manuscripts. During the year, I went on tour to 9 Taluks and examined 17 libraries (vide Appendix A), spending 40 days in camp. The number of manuscripts collected during the year amounted to 71, of which, 34 were found to be rare and unpublished, 25 were second copies, secured for the purpose of collating the manuscripts already collected and the remaining 12 were copies of works already published, containing variant readings and colophons useful for research work. Among these, there were 11 Malayalam manuscripts of which eight were rare and unpublished and the other three were second copies of manuscripts already collected. A descriptive list of all the unpublished manuscripts collected is added as Appendix B.

Transcription and Comparison of Manuscripts. The number of Granthas transcribed from manuscripts acquired on loan from private libraries amounted to 28875 as against 41750 Granthas in the previous year, and 12688 Granthas were compared with the originals to ensure accuracy as against 23025 in the previous year.

Literary Communication. The department continued to furnish literary information and references to European and Indian scholars engaged in research work as required by them.

Visitors. Many scholars, both Indian and European, visited this office during the year, prominent among whom was Madam

L. Morin, 5 Rue Marie Davy, Paris XIV., and the opinion that she recorded in the Visitor's Book runs as follows : —

"It was a most interesting experience for me to visit the office of the Curator and have a talk with him, to have a "darsana" of the valuable manuscripts, and also to meet the Pandits who devote themselves to copying and editing them.

The Travancore Sanskrit Series and the name of their founder Pandit Gaṇapati Śāstrī, are well known to all scholars of oriental lore in Europe, and particularly to our Institute of Indian Civilisation in Paris.

I was truly impressed by the address delivered in fluent and melodious Sanskrit by Pandit Sāmbaśiva Śāstrī.

I sincerely wish that the Sovereigns of Travancore may continue to be the enlightened and beneficent patrons of ancient Indian culture that they have proved to be for many generations".

Celebration of the Silver Jubilee. The Department completed the 25th year of its existence during the year, and its Silver Jubilee was celebrated in a befitting manner in accordance with the generous sanction of Government. The Royal Wedding of Her Highness Kartikai Tirunal, the First Princess of Travancore, having been celebrated from the 12th Makaram 1109/25th January 1934 to 18th Makaram 1109/31st January 1934, when eminent men from abroad had assembled in the capital, the opportunity was availed of for the celebration of the Silver Jubilee and the function was conducted with great eclat on the 15th Makaram 1109/28th January 1934 (on the 4th day of the Pallikkettu), in the Victoria Jubilee Town Hall. The meeting was presided over by the eminent scholar and statesman Sir C. P. Ramaswami Aiyer K. C. I. E., and there were present besides the elite of the town, many representatives of the ancient families of this State, who helped the department by lending manuscripts from their libraries. A souvenir in commemoration of the Silver Jubilee Celebration was distributed among the audience. This volume contained a portrait of His Most Gracious Highness the Maharaja, a foreword by Sir C. P. Ramaswami Aiyer K. C. I. E., a brief resume of the working of the Department till 1934, letters of appreciation by Professor Sylvain Levi of Paris, Dr. M. Winternitz of Prague, Professor Dr. A. B. Keith of Edinburgh, Pro-

feessor Franklin Edgerton of the University of Yale, U. S. A., and many other European Scholars and also literary contributions by Savants of India bearing on oriental culture and the activities and usefulness of the Department.

The proceedings of the meeting began with a welcome address in Sanskrit by Mr. K. Sambasiva Sastrial, Curator for the Publication of Oriental Manuscripts. In the course of the address Mr. Sastrial pointed out the great interest evinced by the sovereigns of Travancore in literature and art and beneficent step taken by the late Maharaja Sri Mulam Tirumal in establishing a Department for the publication of valuable works contained in the Palace Library and procurable elsewhere. His Highness the present Maharaja, he said, was continuing the same policy as was inaugurated in the previous regime.

The next item was the opening address by Sir C. P. Ramaswami Aiyer, President of the meeting. In the course of his instructive address, he referred to the impetus given by Lord Curzon in reviving and preserving the past glories of India in the sphere of art, architecture and works of historical importance and dwelt upon the great interest that is being now bestowed upon the Ajanta frescoes by Hyderabad State as well as the work of publication undertaken by the Mysore, Baroda and Kashmir States. He went on to deal with the interest of Travancore Sovereigns in the past in the field of arts and literature and believed that the same spirit will be maintained by His Highness the present Maharaja. He congratulated the Travancore Oriental Manuscripts Publication Department for the very good work that they have been doing, especially referring to the discovery and publication of Bhasa's works. He also referred to the recent purchase of Codex Senaticus by the British Government from Soviet Russia for a very heavy price, as illustrating the live interest evinced by the English People in the collection and preservation of ancient manuscripts. He concluded by expressing the hope that the good work that is being done by the Oriental Publication Department of the State will be maintained and developed still farther under the benign patronage of His Highness the Maharaja, so that the inspiration afforded by the past may stimulate our present and future cultural activities.

Mr. V. V. Srinivasa Aiyangar, Ex-Judge of the Madras High Court, then addressed the meeting. He dealt with the importance of such publications as are undertaken by the Department, as throwing great light on the past culture of India, and congratulated the Department on the splendid work already turned out by it.

The next address was by Mr. P. K. Narayana Pillai, Retired Judge, Travancore High Court. Speaking on behalf of the Advisory Board to the Curator of the Department, he traced the history of this Department as having originated in the first instance as an adjunct to the Palace and then having been placed under direct control of the Government. Dr. Ganapati Sastrial who was the first Curator was no doubt a great scholar, and did much in the formation and development of the Department. But his leanings in certain directions having been found to exclude activities in other directions, an Advisory Board was appointed to select manuscripts of far-reaching importance and to emphasise the need of publishing Malabar productions as would appeal to the rest of India. Now the Department is working under Mr. K. Sambasiva Sastrial who is the present Curator. An attempt, he said, is being made by the Director of Public Instruction, to get control over this Department. If he succeeds, the speaker feared that the utility of the Department would greatly suffer, its operations would sink to the level of official routine and the cultural prominence which should be kept steadily in view would be ruined. On a retrospect he pointed out that some invaluable publications have already been brought out by the Department. Bhasa's works, whatever be the controversy about their authorship, have met with the approval of Oriental Scholars, all the world over. "Āryamanjuśrīmūlakalpa" has served in the hands of Paudit K. P. Jayasval to reconstruct a period of Indian Imperial History and to question the accuracy of certain statements by Vincent Smith in his history in regard to such periods. Skandasvami Bhaṣya on the Rīgveda, recently published, is a work of great merit as regards the Vedic Literature. Skandasvami being anterior to Madhvācārya, whose Bhaṣya though prevalent at present, has not met with universal approval. He also referred to the need of giving great currency to Indian philosophical thought in Western countries, especially America, where as pointed out by Professor Jagadis Chandra Chatterjee of the Indian Academy, New York, there is at present an amount of interest felt by Americans in the study of Indian philosophy. Ultimately he said that there is much to be done in the further development of the department so that oriental learning may be encouraged and the cultural claims of India placed beyond dispute.

This was followed by a speech by Mr. S. Chattanatha Karayalar in Tamil, wherein he pointed out the need of publishing rare Tamil works as a branch of the activities of the Department.

In accordance with the resolution passed at the meeting of the Committee constituted for awarding gold medal and certificates of merit for those who contributed original articles in connection

with the Silver Jubilee, the President distributed among the following gentlemen, the medal and certificates as noted against their names :—

1. Mr. S. Visvanatha Sastrial, Munshi, Model School— gold medal.
2. Mr. K. P. Padmanabha Pillai B. A., LL. B., Bar-at-law, Professor, Law College—certificate of merit.
3. Mr. A. N. Krishna Aiyangar B. A. (Hons), Valia Chalai Street—certificate of merit.
4. Mr. V. K. Subrahmanya Aiyar B. A., Chinna Chalai Street—certificate of merit.
5. Mr. Vidvan S. Madhavan, Perur, Mangad, Quilon— certificate of merit.

The President in his concluding remarks said that he was very much pleased with the proceedings and congratulated the promoters of the meeting for the successful way in which it was arranged. Referring to the speech of Mr P. K. Narayana Pillay, whom he characterised as a master of humour, he said that he saw through the various observations of the speaker though veiled in humour, and promised that he would lend all support for the encouragement and development of the Department, as was made clear in his speech.

The proceedings terminated by a vote of thanks proposed by Rao Sahib Ulur S. Paranesvara Ayyar, Retired Dewan Peishkar, in a short and felicitous speech.

Appreciation by Scholars. The following are some of the letters of appreciation sent by European and Indian Scholars:—

1. “I think very highly of the great work that is being carried on under the auspices of the Department of Oriental Manuscripts in the Travancore State. It has already published some rare texts of Bhāsa and many other very valuable old books such as Ārya-manjuśrīmūlakalpa, Skandavāmi Bhāṣya. The reconstruction and editing of such old manuscripts is very difficult, as we have experience with such publications from the Vidyābhavana of our University, Viśva-Bhārati. But the work is all the more necessary for a proper appraisalment of our past and I offer my sincere congratulations to the General Editor for the high standard of scholarship maintained in the Series and express my gratitude to the State for its fostering care”.

"I have noted with much pleasure that your enterprise continues to enjoy the approval and patronage of H. H. the Maharaja of Travancore. The history of India has happily ever been marked under wise rulers by the careful cultivation of literature, art and matters no less important for the spiritual welfare of subjects than are material improvements for their physical well being".

"You and the Department are to be congratulated on having brought out such a beautiful souvenir of the Silver Jubilee Celebration, containing quite a number of valuable contributions.

The Revised Catalogue will be found very useful by all Sanskrit scholars, and the first two numbers of the new Sri Chitrodaya Manjari are interesting proofs of the literary achievements of the Royal Author.

It is highly to be desired that the department should continue to enjoy the patronage of H. H. the young Maharaja Rama Varma, Citra Tirumal, in order that this Department may be able to further the cause of Sanskrit learning in the future, as it has done in the past".

"I have been able to read a portion of the "Souvenir of the Silver Jubilee Celebration" of your department, and I hasten to offer you and it my warm congratulations on the occasion. Like every student of Indian literature, I have admired and profited by your labours and by those of your great predecessor, Mr. Ganapati Sastri, and am full of gratitude to what has been done by your department, under the patronage of His Highness the Maharaja of Travancore, in the cause of Oriental Learning.

“Nos. 1 and 2 of the Chitrodaya Manjari evidence the fine scholarship and musical talent of the royal author, Svati Tirunal, and it is appropriate that they occupy a leading place in the commencement of the new Series of the Trivandrum Sanskrit Publications. I have read the souvenir of the Silver Jubilee Celebration of your Department for the publication of Oriental Manuscripts with the greatest interest. Dr. Ganapati Sastrial and yourself have done most valuable service by your numerous publications and I trust that the enlightened patronage of Sanskrit learning by the royal house of Travancore will be continued in the future and that your department will be able to bring out many more publications of valuable and unpublished Sanskrit works. I wish you and your department a long career of usefulness”.

6.

“I beg to acknowledge with very many thanks the receipt of Nos. 112 and 113 of the Trivandrum Sanskrit Series kindly sent by you along with “A Souvenir of the Silver Jubilee Celebration of the Department for the publication of Oriental Manuscripts, Trivandrum”. The two former bear abundant testimony to the proficiency in Sangita and Sahitya of His Highness Svati Tirunal. The souvenir forms interesting reading from the beginning to the end. It testifies to the excellent work that has been and is being done by your predecessor and your good self in the matter of bringing out good editions of valuable works on Sanskrit literature. I pray that this important work which you have the privilege of carrying on may continue for a long time so that the learned world may see with pleasure its Golden Jubilee Celebration and take part in it”.

"I have great pleasure in expressing my appreciation of the valuable contributions of the various scholars contained in the Souvenir especially the article Narayana Bhautapada by Kavithilakan S. Paramesvara Iyer and Vedanta Vakyarthaviveka by Mahamahopadhyaya Bhatta Sri Goda Varma Raja of Cranganore. I am sure that every Sanskrit scholar will like the Souvenir immensely on account of its being a very smart edition representing almost all the different spheres of Sanskrit scholarship. The Trivandrum Oriental Manuscript Publication Department has fulfilled expectations roused when it came into being and the twenty-four years of its remarkably brilliant career have not only perpetuated the memory of a host of mighty Sanskrit scholars but also have done a very great service to the Sanskrit lovers of the world.

I take this opportunity to pay my tribute to my respected friend Sambasiva Sastri whose indefatigable efforts and immense erudition have paved the way to the Department's high standard of literary merit. I wish the Department a still more serviceable and successful future and its prompt Curator all prosperity".

"I have to congratulate you upon a number of matters. You have unearthed very rare editions of various works already in the market. The range of your publications covers almost all the branches of learning including such subjects as dealing with the fine arts of our country. The introductions to many of the works are themselves a valuable study and throw considerable light upon the erudite scholarship of the editor. At the same time the comparative figures you have given in your resume cannot escape even a casual reader and one cannot but praise you for doing so much useful work at so low a cost. We hope and believe that you will continue this work with the same zeal as till now.

Once again let me thank His Highness the Maharaja of Travancore, on behalf of our Sabha for extending his patronage to our institution".

Advisory Board. A meeting of the Advisory Board of this department was held at 3 p. M., on Friday, the 13th Kanni 1109 at the residence of M. R. Ry. P. K. Narayana Pillay Ayl, B. A., B. L., at Vazhuthakad. The proceedings of the meeting were as follows:—

Read Government letter No. R. O. C. 827 of 33/Edn., dated the 13th July 1933 and copies of the correspondence regarding the formation of an Oriental Manuscripts Library and the alteration of the present system of publishing manuscripts, and passed the following resolutions:—

I. The Board is of opinion that the policy of publication, if discontinued will highly detract from the usefulness of the Department for the Publication of Oriental Manuscripts. The system followed in Kashmir, Baroda and Mysore, has been keeping steadily in view the necessity of publishing manuscripts, whether it is associated with other activities like the formation of manuscripts libraries or not. The idea of Government that it is enough to transcribe or publish the manuscripts for which there is a demand from the public, assumes an acquaintance of the manuscripts and their contents on the part of the public. But such an assumption is not well-founded. Further, it is not the immediate demand that should form the sole criterion for the guidance of the publications. The possible usefulness of a work and its far-reaching consequences in the field of research are other equally important elements for consideration. For example, *Aryamanjuśrīmūlakalpa* of the Trivandrum Sanskrit Series, published in 1925, has now proved useful in throwing a flood of light on an epoch of Indian History, as may be seen from Mr. K. P. Jayasval's contribution in the latest issue of the *Modern Review* of Calcutta. No doubt the appreciation of this publication was tardy, but now that it has been appreciated, it reflects very great credit upon the publication department conducted under the auspices of this State. This is only one of the several such instances.

II. The Board has no objection to the formation of a Manuscript Library; nay, it welcomes the formation of such a library. But this cannot be achieved without the allotment of additional funds. In the first place, a proper building to hold the library is required. Secondly, where necessary, manuscripts will have to be purchased. Thirdly, further hands will have to be employed to transcribe the manuscripts and for other purposes. Fourthly, the travelling allowance of the Curator should be increased to enable him to go on circuit to various centres in order to inspect private libraries and select suitable works.

If the Government are pleased to incur the additional expenditure on the above accounts, it may be made up to some extent by levying a fee for supplying copies from those who demand them. A fee may probably be levied also from those who seek consultation in the library, if the Government consider such a course to be open to no objection.

III. The Board is of opinion that there is no need to discourage the publication of manuscripts, in view of the possibility of making it a self-supporting concern, provided the Government are prepared to prescribe some appropriate publications of this Department as Text-books for the Sanskrit and Malayalam Examinations conducted by the Government, if need be, even by altering the curriculam of studies in the Sanskrit schools. This aspect of the question has been repeatedly placed before the Government, but has not met with an adequate response.

The meeting dispersed at 6 p. m.

Another meeting of the Advisory Board was held at 3 p. m., on Sunday the 28th Karkidakam 1109, in the Curator's office, Taikad. The proceedings of the meeting were as follows:—

Read letter No. R. O. C. 3237 of 33/Edn., dated the 6th August 1934 from the Chief Secretary to Government, regarding the tour of the Curator for the Publication of Oriental Manuscripts to Baroda etc., to study the working of the Oriental Manuscript Libraries in those places.

Resolved that letter No. 1027/9, dated the 20th July 1934 which forms an enclosure to the above G. O., seems to proceed on the assumption that the present Curator Mr. K. Sambasiva Sastri is to retire in Thulam 1110. Hence he contemplates the appointment of a successor and the reorganisation of the department. We are, however, of the opinion that it is necessary and desirable to extend the service of Mr. Sambasiva Sastri beyond the date of superannuation for the following reasons. Mr. Sastri has at the instance of the Advisory Board undertaken the preparation of a commentary on the Prakriyā-sarvasva of Nārāyaṇa Bhaṭṭapāda. He is also under instructions from the Government, engaged in the preparation of a Malayalam commentary on Nārāyaṇīya, another work of Bhaṭṭapāda, the first 2 volumes of which have been already published, while

further work remains. Moreover he is engaged in the publication of the *Prakīrṇakaprakāśa* of Helārāja, a commentary on Bhartrhari's *Vākyapadīya* and the *Āglaṣya* of Skandasyāmi and Venkaṭanādhava. It is only appropriate that these two important works should be completed by Mr. Sastri himself. We may note in this connection that, in the circumstances, the service of Dr. T. Ganapati Sastri was extended by the Government for a period of about 12 years. The work, so far done by Mr. Sambasiya Sastri, has met with the approval of savants both in and outside India: e.g., Professor Sylvain Levi, Professor A. B. Keith and Professor Winemitz of Europe, and Dr. Rabindranath Tagore, Sir P. S. Sivaswami Iyer and Mahamahopadhyaya R. Narasimha-chariar of India.

Resolved that the attention of Government may be invited to the recommendations that this Board has already communicated to them in the matter of the desirability for the publication of a descriptive catalogue of manuscripts and the opening of a Central Manuscripts Library (vide the Curator's letters No. 176, 761 and 720, dated the 21st February 1930, the 18th October 1930 and the 10th August 1933, respectively). The Director's proposals in the matter appear to have been put forward in ignorance of the above recommendations. In this connection it may be stated that Dr. Ernst Waldschmidt, Curator of the Indian Section of the State Museum of Ethnography, Berlin, has expressed the opinion that Mr. Sambasiya Sastri's services may be utilised for the above items of work.

As regards the other points raised in the Director's letter, we do not consider it necessary to express any opinion in the light of the previous resolution.

Mr. V. Krishnan Tampi, one of the members of the Board, refrains from expressing any opinion as his name finds a place in the Director's letter.

Receipts. The total receipts of the year amounted to Rs. 840-Chs. 24-Ca. 4, of which Rs. 835-Chs. 20-Ca. 12 was due to the sale proceeds of the publications of this department and Rs. 3-Chs. 14-Ca. 9, was due to the lease amount of the usufructs of the fruit-bearing trees of this office compound, and Re. 1-Ch. 17-Ca. 8, was due to the auction sale proceeds of the unserviceable articles lying in the Curator's residential quarters attached to this office building, all the amounts being remitted into the Trivandrum Divisional Treasury.

OFFICE OF THE CURATOR FOR THE
PUBLICATION OF ORIENTAL MANUSCRIPTS.
TRIVANDRUM, 2ND NOVEMBER 1935

From

M. R. Ry.

K. Sambasiva Sastrai Avl.,
Curator for the Publication
of Oriental Manuscripts,
Trivandrum.

To

The Chief Secretary to Government,
Trivandrum.

Sir,

I have the honour to submit the Annual Report of the Department for the Publication of Oriental Manuscripts for the year 1110 M. E.

Personnel. During the year, Government were pleased in G. O. No. R. O. C. 3237 of 34/Edn., dated the 15th September 1934, to grant me extension of service for one year from 2-3-1110. It is worthy of submission that Government were also pleased to enlist me as one of the recipients of the Silver Jubilee Medal awarded in commemoration of the completion of the 25th year of the glorious reign of His Most Gracious Majesty the King, Emperor of India.

Changes. The stock of the Sanskrit and Malayalam Publications which had ever since the organisation of this department, been preserved in this office was transferred to the Government Press to be stocked there and the Superintendent, Government Press, was asked to attend to the sale of the publications, which was attended to by this department through a Commission Agent. Accordingly, the sale of the books was stopped and all the records connected with the sale were handed over to the Superintendent, Government Press.

Preparation of Manuscripts for the Press. During the year under report, the following 12 works were under preparation. The first six were completely examined for the Press and the remaining 6 were in course of preparation :—

1. Rasadīpika
2. Lilāvati Nāṭaka

3. Aṣṭamirohinīvaṣṭanāhātmyam
4. Nīlayyacaritam
5. Bhasmayogimāhātmyam
6. Subhadrāharanam
7. Rksamhita with two commentaries Part III
8. Prakīrṇakaprakāśa
9. Kāvyaḍarśa with two commentaries
10. Surendracarita
11. Mayūraśataka with commentary
12. Nītiśāstra,

The Pandit staff of the department prepared for the Press 15304 Granthas as against 18797 Granthas in the previous year (*vide* statement attached). It may be noted here that inspite of the reduction of nearly half the staff of this department in the middle of 1108, when the outturn amounted to 19285, the fall in the outturn during the year was proportionately small, and it is gratifying to find that the existing Pandits of the department have turned out satisfactory work.

Printing. The following 16 works were passing through the Press and 17445 Granthas were finally printed as against 21645 Granthas in the previous year and the printing of the first five was almost finished. With regard to the fall in the outturn it may be stated that the remark made in the above para holds good here also, inasmuch as the fall is slight.

1. Bālarāmabharata
2. Vivekamārtanḍa
3. Saunakīya
4. Vāikhānasāgama
5. Prabodhacandrodaya with commentary
6. Saṅgrāma vijayodaya
7. Skandaśārīraka
8. Haramekhala
9. Kauṭalīyam Bhāṣavyākhyā
10. Bhagavad-gīta with Bhāṣavyākhyā
11. Devīnāhatmya with Do.
12. Āśvalāyanagrhyamantravyākhyā
13. Sarasvatīkanthābharana Part II
14. Nārayanīya with Lakṣmīvilāsa Part IV
15. Prakriyāsavasa with commentary Part II.
16. Brabmāṇḍapurānam Bhāsa

Publication. During the year under reference, seven works were published, five in Sanskrit and two in Malayalam, the former group comprising numbers 3 to 6 of the Śrī Citrodaya Mañjarī Sanskrit Series as well as the revised and critical second edition of No. 18 of the Trivandrum Sanskrit Series and the latter consisting of No. 6 of the Śrī Citrodaya Mañjarī Bhāṣa Series, as well as a catalogue of Malayalam Manuscripts collected in this department. It is significant to note that the Nārayanīya (No. 18), taking the place of Viṣṇu Bhāgavata having been used for daily religious recitation all over India, the copies of the first edition thereof were soon exhausted, urgently calling for a second edition. The following is a brief description of the works --

Sāhityamīmāṃsa. It is an important work throwing fresh light on the history of Sanskrit poetics. It is attributed to Maṅkhuka, the illustrious poet and critic in Sanskrit Literature. This rare work has not yet seen the light of day. It is a matter for extreme gratification that the manuscript of such an invaluable treatise was discovered in this State and brought to light by this department.

4

Rksamhita with the Bhāṣya of Skandasvāmī and the commentary of Venkatamādhava Part II. The importance of this work for the Vedic studies has already been testified to by the scholars all the world over and its further instalments are eagerly awaited by them.

5

Vākya-paḍīya with the commentary called Prakīrṇakaprakāśa of Helaraja Part I. It is a highly technical, but exceedingly valuable treatise on the philosophy of grammar. Attempts were made in vain in certain quarters to wrest the manuscript of the work from this department and publish it in their name. It is a matter for glorification that an erudite work like this was published by me in such a perfect form that no body else, I am confident, could have hoped to accomplish.

6

Sarasvatīkaṇṭhābharāṇa of Bhojadeva, the Maharaja of Dhar, with the Vṛtti of Nārāyaṇa

Daṇḍanātha. It is a notable work on Vyākaraṇa, chalking out a new path in the reconciliation of rules and usages. The scholarly world has heard of this important work, but a complete manuscript could be found only in the Palace Library of His Most Gracious Highness the Maharaja of Travancore, in all the world. That such a manuscript was preserved and published goes a long way to enhance the fame of the Palace Library and of the State, in the eye of the learned world.

Tour and Collection of Manuscripts. During the year, I went on tour to 7 Taluks and visited 11 libraries (*vide* Appendix A), spending 46 days in camp. The number of manuscripts collected during the year amounted to 75, of which 24 are found to be rare and unpublished, 17 are second copies, secured for the purpose of collating the manuscripts already collected and the remaining 34 are copies of works already published containing variant readings and colophons useful for research work. Among these, there were 2 Malayalam Manuscripts. A descriptive list of all the manuscripts collected is added as Appendix B.

North Indian Tour. The establishment of a Central Manuscripts Library at Trivandrum on the most up-to-date lines to satisfy the craving of the enlightened public to get free access to the literary treasures of yore had long been engaging the attention of Government. And so Government were pleased to accord me sanction in G. O. No. D. Dis. 1050 of 35/E In., dated the 26th June 1935, for proceeding on tour in order to visit all famous research centres in India, such as Mysore, Baroda, Kashmir and other important places and to collect first-hand information regarding the establishment and working of manuscripts libraries essential for the formation of the said Central Manuscripts Library. In obedience to this G. O., I proceeded on tour to North India on the 30th June 1935. In this connection, it has to be submitted that Government were also pleased to grant me another extension of service for one year from 2-3 1111, in the G. O. quoted above.

Transcription and Comparison of Manuscripts. The number of Granthas transcribed from manuscripts acquired on loan from

private libraries amounted to 38350 as against 28875 Granthas in the previous year and 29225 Granthas were compared with the originals to ensure accuracy, as against 12688 Granthas in the previous year.

Literary Communication The department continued to furnish literary information and references to European and Indian scholars engaged in research work as required by them.

Visitors. Many scholars visited this office during the year under report.

Receipts. The total receipts of the year amounted to Rs. 742 Chs. 13 Ca. 14, of which Rs. 738 Chs. 27 Ca. 14 was due to the sale proceeds of the publications of this department and Rs. 3 Chs. 14 Ca. 0 was due to the lease amount of the usufructs of the fruit-bearing trees of the office compound, all the amounts being remitted into Trivandrum Divisional Treasury.

Expenditure. The following is a statement of expenditure of this department during the year under report:

From

M. R. Ry.

K. Sambasiva Sastri Avl.,

Curator,

Trivandrum.

To

The Chief Secretary to Government,

Trivandrum.

Sir,

I have the honour to submit the Annual Report of the Department for the Publication of Oriental Manuscripts for the year 1111 M. E.

Personnel. The Government of His Most Gracious Highness the Maharaja, with the noble view of giving an impetus to the research and publication of Oriental Literature and of creating a Central Oriental Manuscripts Library in Trivandrum as an essential equipment in that line were pleased to grant me permission to travel in North India, in order to visit the Manuscripts libraries, Research Centres and similar institutions, both private and public, for collecting first hand information therefrom. They were also pleased to grant me a further extension of service for one year. Accordingly I went on tour for three months and eleven days, visiting almost all important institutions in Mysore, Baroda, Benares, Kashmir, Madras and other places. I had also opportunities of coming in contact with well known Sanskrit Scholars, who have done so much for the growth of Oriental Literature. I submitted a report to Government dealing elaborately with the results of my tour, wherein the manifold methods adopted in sister institutions were examined with comparative statements, their defects and merits as they appeared to me pointed out, and a scheme of re-organisation of this department evolved in the light of my study, embodied. I am glad to mention that this scheme is under the kind consideration of Government.

Changes. Under orders of Government conveyed in G. O. No. D. Dis. 467/36/Edn. dated the 23rd March 1936, the Office

The following is a brief description of the works —

Tour and Collection of Manuscripts. During the year I went on tour to 4 Taluks within the State and visited 7 libraries (*vide* Appendix A) spending 24 days in camp. The number of manuscripts collected during the year amounted to 27, of which 12 are found to be rare and unpublished, 5 are second copies secured for the purpose of collating the manuscripts already collected and the remaining 10 are copies of some important works already published, containing variant readings and colophons useful for research work. Among these works seven were in Malayalam. A list of the manuscripts collected is added as Appendix B.

Transcription and Comparison of Manuscripts. The number of Granthas transcribed from manuscripts acquired on loan from private libraries amounted to 6800 as against 38350 Granthas in the previous year. The decrease in the outturn under this head is due to the fact that the allotment provided under this item in the contingencies of the year had to be diverted towards Travelling Allowance for which there was an enhanced demand on account of the North Indian Tour during the year under report. The number of Granthas compared with the originals to ensure accuracy during the year amounted to 38120 as against 29225 in the previous year.

Literary Communication. The Department continued to furnish literary information and references to European and Indian scholars engaged in research work as required by them.

Visitors. As usual the Department furnished all facilities for scholars who visited this Office library for consultation of manuscripts.

Receipts. The total receipts of the year amounted to Rs. 32 chs. 3 Cash 5, of which Rs. 29 Chs. 11 Cash 13 was due to the sale proceeds of the publications of this Department and Rs. 2 Chs. 19 Cash 8 was due to the lease amount of the usufructs of the fruit-bearing trees of the old Office compound from 24-10-1110 to 30-7-1111, all the amounts being remitted into the Trivandrum Divisional Treasury. Besides these items, a sum of Rs. 327 was credited by book adjustment to the accounts of this Office, on account of the supply of 14 Almirahs belonging to this Office, to the various Departments under orders of Government.

Annual Report for the year 1113 M. E.

Reference:—

Government Circular R. O. C. No. 735 of 38/Legis., dated
29-9-1938.

Sir,

With reference to the circular quoted above, I have the honour to forward herewith the Annual Report of the Department for the Publication of Oriental Manuscripts for the year 1113 M. E.

Personal. The Government of His Most Gracious Highness the Maharaja were pleased to grant me extension of service for three months from 1-1-1114, in continuation of the previous term of extension. The Managing Committee of the Ninth All India Oriental Conference appointed me as Convener of the Pandita Parishad and of the Exhibition of Oriental Manuscripts during the session and my earnest efforts connected therewith have been crowned with complete success by the hearty co-operation of the Pandits in general and of the members of the staff of this Office in special.

Changes. For a long time, this Office was housed in various buildings rented by Government, and the necessity for a Government building was keenly felt all along. In accordance with the orders of Government conveyed in G. O. R. O. C. No. 935 of 38/Edn., dated the 18th March 1938, this Office was shifted from the Ingledene Bungalow on the Kaudiar Avenue, to the Government building situated near the Kaudiar Palace on 9-8-1113 and the charge of the former building was handed over to the Special Officer for the establishment of the Travancore Credit Bank on 16-8-1113.

Preparation of Descriptive Catalogues. The preparation and publication of Descriptive Catalogues of Manuscripts of the Palace Library and of this Office Library under my editorship and supervision, begun from 18-9-1112, were progressing in all speed with the hearty co-operation of the special staff consisting of a Chief Pandit, eleven Pandits, a Clerk-Typist, two Attenders and three

Peons, sanctioned for the purpose in G. O. R. O. C. No. 1828 of 36/Edn., dated the 17th April 1937. And it is gratifying to note that during the year under report six volumes of the catalogue of the manuscripts of the Palace Library and two relating to this Office were published. The Descriptive Catalogue aims as far as possible at giving deep insight into the contents of the manuscripts and thereby creating a desire for their perusal besides affording facilities for purposes of research.

The staff specially sanctioned for the purpose was ordered to be disbanded from 1-12-1113, with the exception of the Chief Pandit and an Assistant Pandit whose services were ordered to be retained for a period of six months from 1-12-1113.

Preparation of Manuscripts for the Press. During the year, the following 19 works were under preparation and they were completely sent to the Press:—

1. Nārāyaṇīyam with Lakṣmīvilāsa, Part VI
2. Nārāyaṇīyam with Lakṣmīvilāsa, Part VII
3. Prakriyāsarvasva with commentary Part II
4. Hamekhala, Part II
5. Kāṇṭhīyam, Part II
6. Āśvalāyanagṛhyamantravyākhyā.
7. Bhagavad-gītā with Bhāṣavyākhyā
8. Skāndaśārīraka with commentary
9. Sarvadarśanakaumudī
10. Sūktiratnahāra
11. Kāṇṭhābhāgavatam, Part II
12. Sarasvatīkāṇṭhābharāṇa, with Vṛtti, Part III
13. Tāntropākhyāna
14. Mahānayaṇaprakāśa
15. Vṛttavārtikam
16. Yogayājñavalkyam
17. Udayavarmacaritam
18. Valavīsupurāṇam
19. Descriptive Catalogue of Manuscripts,

The Pandit staff of this Department prepared for the Press 64202½ Granthas against 22268½ Granthas in the previous year (vide statement attached).

Printing. The above 19 works were passing through the Press and 76,941 Granthas were finally printed against 35,075 Granthas in the previous year.

Publication. During the year under reference, 27 works, were published, 13 in Sanskrit, 6 in Malayālam, and 8 works comprising the first six volumes of the Descriptive Catalogue of Manuscripts of the Palace Library and the first two volumes relating to

this Office Library. The Sanskrit publications brought to light during the year comprise Nos. 18 to 30 of the Śrī Citrodāya Mañjarī Sanskrit Series, while the Malayalam works comprise Nos. 13, and 15 to 19 of the Śrī Citrodāya Mañjarī Bhāṣa Series. The following is a brief description of the works :—

- S. C. M. S. S. No. 18. Hamsasandeśa. This is a Sandeśakāvya, different from the Hamsasandeśa of Śrīmad Vedānta Deśika and the one already published by this Department (No. 103 of the Triyandrum Sanskrit Series). The poetic talents of its author, Pūrṇasarasvatī, burst forth from the imaginative splendour of one who gained the object of his life by writing the illustrious commentary, Vidyullatā, on the Maghasandeśa of the celebrated poet, Śrī Kālidāsa.
- Do. No. 19. Mahānayaprakāśa. This is an eminent work dealing with the principles of the Śākṭeya system of philosophy, attributed to have been written by the famous Abhinavaguptācārya, a great authority among the founders of the Śivādvaitha school.
- Do. No. 20. Vṛttavārtikam. This is a rare attempt in the field of prosody and is of considerable help to students and scholars, as it purports a terse treatment of all the metres employed in Kāvya literature. It is said to have been written by the reputed author, Rāmapāṇivāda, belonging to Kerala.
- Do. No. 21. Tāntropākhyāna. This is a simple prose production by an unknown author, who contributes a good deal to the knowledge of moral philosophy, by means of fables, setting forth the importance of shunning bad company and the desirability of winning steady friends, on the lines chalked out in the Pañcatantra.
- Do. No. 22. Udayavarmacaritam. This is an episode, in Keralamāhātmya, the context being the consecration of several divinities

and Brahmins in the land of Kerala, dialogued as one between a Dvija and Sūta to pass for a legend. The authorship of this work is a subject of controversy among scholars.

- S.C. M. S. S. No. 23. Yogayājñavalkyam. This work by the great sage Yājñavalkya, dwells at length on the Yoga system of philosophy, in the most lucid style
- Do. No. 24. Sarvadarśanakaumudī. This work deals with the theory of all systems of philosophy extending up to Uttaramīmāṃsā, pointing to the realisation of the supreme soul. Mādhavasarasvatī, the famous philosopher, is credited with its authorship.
- Do. No. 25. Hamekhala, Part II. This is a rare, ancient and admirable treatise on medicine dealing also with spells and incantations which conduce to the subjugation of enemies.
- Do. No. 26. Skāndaśārīrakam with commentary. This is a rare work on palmistry and is of immense help to one and all in so far as it serves as a sure and safe guide to humanity by expounding measures to enhance their happiness and ward off misfortunes which are foretold with certainty from the various marks noticeable here and there on the human body.
- Do. No. 27. Āśvalāyanagṛhyamantravyākhyā. This is a Vedic work dealing with the religious functions and principles of the Vedic rituals. It contains the commentary of the famous Haradattamiśra.
- Do. No. 28. Prakriyāsarvasva, Part II. This is published with the commentary Sañcika by Mr. K. Sāmbaśiva Śāstrī, Curator.
- Do. No. 29. Sarasvatīkaṇṭhābharana, with Vṛtti, Part III. This is a celebrated work on Sanskrit grammar composed by Bhojadeva on modern lines.
- Do. No. 30. Sūktiratnahāra. This is a work comprising more than two hundred *paddhaṭis*,

embellished with scholarly disquisitions on varied branches of literature such as Itihāsa, Kāvya and Nāṭaka. The originator of this garland is the talented author, Sūrya, better known by his honorific title of Kalingarāja, a distinguished Prime-minister to Kulaśekhara Maharāja.

- S. C. M. B. S. No. 13. Valavīśupurāṇam. This is a rare Purāṇic treatise by Kāṅgeyan.
- Do. No. 15. Bhāgavad-Gīta with Bhāṣavyākhyā. The commentary is rare, eminent and highly elucidative.
- Do. No. 16. Nārāyaṇīya with Lakṣmīvilāsa, Part VI. This is a devotional treatise with an elucidative commentary by Mr. K. Sāmbaśiva Śāstrī, Curator.
- Do. No. 17. Kaṇvaśābhaḡavatam. This is the second part of the one already published No. 1 of the Śrī Citrodaya Maṇjarī Bhāṣa Series.
- Do. No. 18. Nārāyaṇīya with Lakṣmīvilāsa, Part VII. This is the concluding volume of the devotional treatise, with an elucidative commentary by Mr. K. Sāmbaśiva Śāstrī, Curator.
- Do. No. 19. Kauṭalīyam. This is the second part of the one already published as No. 12 of the Śrī Vañci Setu Lakṣmī Series, containing a concise commentary on Kauṭalīya Arthaśāstra.

Tour and Collection of Manuscripts. During the year, I went on tour to four taluks and visited seven libraries (vide Appendix A), spending 19 days in camp. The number of manuscripts collected during the year amounted to 14, of which three are found to be rare and unpublished, ten are second copies secured for the purpose of collating the manuscripts already collected and the remaining one is a copy of an important work already published, containing variant readings and colophons useful for research work. A list of the manuscripts collected is added as Appendix B.

Transcription and Comparison of Manuscripts. The number of Granthas transcribed from manuscripts acquired on loan from private libraries amounted to 53340, as against 68444 in the

previous year, while the number of Granthas compared with the originals to ensure accuracy amounted to 55350 as against 49944 in the previous year.

Literary Communication. The Department continued to furnish literary information and references to scholars engaged in research as required by them.

Out-turn of work. It is noteworthy that the out-turn of work during the year manifests an abnormal increase in all its branches as shown above which reflects credit in abundant measure on the hard work turned out by the Pandit staff. The year is equally memorable as it witnessed the largest number of publications ever since the inauguration of this Department. Twenty-seven publications were brought to light during the year, as against fourteen in the previous year.

Visitors. Distinguished scholars, both European and Indian, visited this Office during the year. It may also be noted that this Department rendered all facilities in research to the various scholars who flocked to the metropolis during the Ninth Session of the All India Oriental Conference in 1937.

Receipts. The total receipts of the year amounted to Rs. 316 Ch. 1 ca. 0 of which the sum of Rs. 315, chs. 15, was due to the rent realised from Dr. Jayaram Cousins on account of his occupation of the top floor of the Ingledene Bungalow and Chs. 14 due to the auction sale proceeds of the usufructs of the fruit-bearing trees in this Office-compound, all the amounts being remitted into the Tri-vandrum Divisional Treasury.

Expenditure. The following is a statement of expenditure of this Department during the year:—

Annual Report of the Department for the Publication of Oriental Manuscripts for 1114 M. E.

Personnel. Mr. K. Sāmbaśiva Śāstriāl, Curator, retired from service on the after-noon of 30th Thulam 1114, and I discharged the duties of the Curator, as Head Pandit in charge, from that date. Subsequently Government were pleased to appoint me as Acting Curator with effect from 17th Vriścigam 1114. They were also pleased to grant me extension of service for six months from the after-noon of 27th Mithunam 1114, i. e., the date on which I completed my fifty-fifth year of age, together with an increment of Rs. 10 per mensem from the date of my assumption of charge as Acting Curator. Mr. G. Harihara Śāstrī, Pandit in this Office, retired from service from the 12th Chiugam 1114, as per G. O. R. O. C. 2918 of 39/Edn., dated 18th September 1939, and Mr. P. K. Narayana Pillai M. A., Junior Lecturer, College of Arts, was appointed Acting Head Pandit from 15th Meenam 1114, as per G. O. R. O. C. 2061 of 38/Edn., dated 23rd March 1939.

Preparation of Descriptive Catalogues. The preparation as well as publication of the Descriptive Catalogues of the Manuscripts of the Palace Library and this Office, which was begun on 18th Medom 1112 was progressing in all speed with the co-operation of the reduced special staff consisting of the Chief Pandit and an Assistant Pandit, whose services were ordered to be retained for six months from 1-12-1113. Subsequently, the services of the Chief Pandit alone were ordered to be retained for two more months and the special staff appointed for cataloguing work was completely disbanded on the after-noon of the 30th Kumbhom 1114. It is gratifying to note that within the brief period of the year under reference, 2 volumes (7 and 8) of the Descriptive Catalogue of Sanskrit Manuscripts and 2 volumes (1 and 2) relating to Malayalam Manuscripts of the Palace Library were published, thus completing the cataloguing work of the Palace Manuscripts Library, besides the publication of 2 volumes (3 and 4) of the Descriptive Catalogue of Sanskrit Manuscripts of this Office Library and completion of the 5th volume with the exception of the subsidiary papers connected therewith.

Preparation of Manuscripts for the Press. During the year the following 15 works were under preparation and they were completely sent to the Press in obedience to G. O. No. R. Dis. 260 of 39/Edn., dated 21st February 1939, according sanction for the continuance of the publication of manuscripts:—

13. *Āgñiveśyagṛhyam*
14. *Mīmāṃsāsloka-vārtikam*, Part III
15. Descriptive Catalogue of Manuscripts.

The Pandit staff of the Department prepared for the Press 4,736 Granthas against 61,202½ Granthas in the previous year (vide statement attached). A brief description of the rare works among those prepared for the Press is given below:—

1. *Sarasvatīkaṇṭhābharaṇa* (Part IV) by Bhojadeva. This is an eminent and authoritative work on Sanskrit Grammar containing the quintessence of the rules prescribed in the *Sūtras* of Paṇini, *Vārtika*, *Paribhāṣa* and *Mahābhāṣya*,

2. *Rāghavīyam*. This *Kāvya* by Rāmapāṇivāda, one of the distinguished poets of Kerala, is written in simple but mellifluous style so as to enable all pupils desirous of learning Sanskrit to get easy mastery in that literature.

3. *Vāstuvidyā* with commentary. This is a pre eminent work on architecture shedding considerable light on the construction of buildings and dealing in detail with *Bhūmilakṣaṇa*, *Dikpariccheda*, *Sirīmarmasandhi*, *Adhiṣṭhāna Dvāravinyāsa* etc. It furnishes all details regarding construction of houses, roofing-tiles, their varieties etc. Its commentary written by me is elucidative and instructive, embellished as it is with all essential diagrams for the construction of houses and description of *Vajralepa*. It is of immense service to architects.

4. *Ṛksamhitā with 2 commentaries, Part III.* This work is embellished with two commentaries by Skandasvāmin and Veṅkaṭamādhava. Both the commentaries belong to the Pre-Sāyaṇa period, as evinced by the references made by Sāyaṇa. It is written in very simple style. The commentary by Veṅkaṭamādhava is concise but highly useful.

5. *Tantrasamuccaya with 2 commentaries.* This is a singularly useful work to the public in general and to Śāntikkārs in particular, shedding considerable light as it does on *Pratiṣṭhā*, *Nityapūjā* and *Utsava*. It is embellished with two commentaries, Vimarṣinī and Vivaraṇa, of which the former comprises detailed and elucidative notes on every textual portion and the latter throws a flood of light on the practical application of Mantras embodied in the text.

6. *Vaikhānasāyama by Bhṛgu.* This is an authoritative treatise on Tantra composed by an ancient sage, dealing with the details of different observances in various countries.

7. *Mātāṅgalīlā with Bhāṣavyākhyā.* The textual portion is borrowed from the Hastyāyurveda of Pālakāpya Mahārṣi. All details regarding elephants — their origin, characteristics, training, diseases and their treatment etc., are explained herein. The Malayalam commentary appended to it is highly useful to the non-Sanskrit-knowing public.

8. *Prakriyāsarvasva, Part III.* This is a treatise on Sanskrit grammar composed by Melputtūr Nārāyaṇa Bhaṭṭācārī within three months, elucidating the Sūtras of Pāṇini by authoritative citations of views of learned Sanskrit grammarians, especially of Bhojadeva. It is an extremely rare and useful work, inasmuch as no work more authoritative than it has yet been produced after its discovery and as the views of distinguished Sanskrit grammarians up to its composition could only be understood by the perusal thereof.

9. *Vākyapadīyam, Part II.* This is a rare and authoritative work on Sanskrit grammar, highly useful to Sanskrit scholars, codifying as it does all the rules prescribed in the Mahābhāṣya for the elucidative exposition of *Sup*, *Ṭiṇ* *Kāraka* and *Vṛtti*.

10. *Mayamatam with Tamil commentary.* This is an ancient work on architecture dealing with the construction of cities, palaces, *Sivaliṅga*, *Stambha* etc. The Tamil commentary attached to it is also very rare and ancient. Another work (with the same title) known to have been extant in ancient times remains to be discovered as yet.

11. *Kauṭaliyam with Bhāṣavyākhyā, Part III.* This is a renowned treatise on politics by Caṇakya who by his extraordinary skill defeated the nine Nandas and ensured Candragupta's safe possession of his kingdom. The views of Bhīṣma, Uddhava, Śukra, Bṛhaspati etc., are described at length herein.

12. *Āgñiveśyagṛhyam.* This is a rare treatise on Gṛhya composed by a sage, like Vaikhānasāgama, Āśvalāyanagṛhya etc., and has been discovered only very recently after continuous investigation. The principles dealt with are established with appropriate and authoritative citations from Sruti, Smṛti etc.

13. *Mīmāṃsāślokaṭīkā, Part III.* Herein are described at length all important details relating to Mīmāṃsāśāstra, such as Vidhivāda, Archavāda etc.

Printing. The following seven works were passing through the Press and 48,992 Granthas were finally printed against 76,941 Granthas in the previous year.—

1. Rāghavīyam
2. Vāstuvidyā with commentary
3. Ṛksamhitā with two commentaries, Part III
4. Seṣasamuccayam
5. Tantrasamuccayam with Bhāṣavyākhyā
6. Mātāṅgalīlā with Bhāṣavyākhyā
7. Descriptive Catalogues of Manuscripts

Besides these, the reprinting of the following ten works was undertaken during the year under report —

1. Jyotsnika
2. Palavaka Ottaślokaṅga
3. Yogāmṛtam
4. Kaṇṇaśśabhāgavatam, Part I
5. Kaṇṇaśśabhāratam
6. Raṇḍu Bhāṣācampukka
7. Keralacaritam
8. Kalyāṇasaugandhikan
9. Durghaṭavṛtti
10. Pratimānātākam

Of these, the following 7 works were passing through the Press and their proofs were corrected and retransmitted to the Press.

1. Jyotsnika
2. Palavaka Ottaślokaṅga

3. Yogāmṛtam
4. Raṇḍu Bhāṣācampukkaḷ
5. Keralacaritam
6. Kalyāṇasaugandhikam
7. Pratimānāṭakam

Publication. During the year under reference, two works in Malayalam, namely, Raṇḍu Bhāṣācampukkaḷ and Palavaka Ottaślokaṅgaḷ, were reprinted and published as Nos 25 and 3 of the Śrī Mūlam Malayalam Series and the Śrī Citrodaya Manjari Bhāṣā Series respectively, besides the publication of the six volumes of the Descriptive Catalogue already referred to.

Tour and Collection of Manuscripts. During the year Mr. K. Sāmbaśiva Śāstrī was on tour for 5 days and I went on tour to three Taluks and visited ten Libraries (vide Appendix A), spending 14 days in camp. The number of manuscripts collected during the year besides 2 rare transcripts amounted to 109 of which 22 are rare and unpublished, 35 are second copies secured for the purpose of collating the manuscripts already collected, and the remaining 43 are copies of important works already published containing variant readings and colophons useful for research work. A list of the manuscripts collected is added as Appendix B.

It is high time for effective measures being taken for the safe preservation of ancient palm-leaf manuscripts as evinced by the decaying condition of innumerable precious manuscripts, which I had occasion to witness during my tours to the different places in the State.

Transcription and Comparison of Manuscripts. The number of Granthas transcribed from manuscripts acquired on loan from private libraries amounted to 38,760, as against 53,340, in the previous year, while the number of Granthas compared with the originals to ensure accuracy amounted to 39,200, as against 55,350 in the previous year.

Literary Communication. The Department continued to furnish literary information and references to scholars engaged in research as required by them.

Visitors. Distinguished scholars, both European and Indian, visited this Office during the year, prominent among whom are Dr. D. R. Bhandarkar, Professor of the Calcutta University and C. A. Rylands, Lecturer in Sanskrit, School of Oriental Studies, London. The remarks recorded by them are embodied below:—

“The publications issued by this Department have been praised by scholars all the world over. The collection of Sanskrit Manuscripts also is getting on satisfactorily. In fact, the Department for the Publication of Oriental Manuscripts is a veritable ornament of the Travancore State and has rightly become an object of envy to all the Presidencies and States of India.”

D. R. BHANDARKAR,
6th March 1939.

“I was extremely glad to have the opportunity of seeing for myself the splendid work of the Department for the Publication of Oriental Mss., of which I already knew at second-hand.”

C. A. RYLANDS,
Lecturer in Sanskrit,
School of Oriental Studies.
LONDON,
10th August 1939.

Receipts. The total receipts of the year amounted to Rs. 2-6-4, being the auction-sale proceeds of the usufructs of the fruit-bearing trees standing in this Office compound. The amount arising from the sale of this Office publications is credited to the account relating to the Government Press, ever since the transfer of stock of publications from this Office to the Government Press for sale.
